WOMEN IN ENERGY NETWORK

WIEN is an association established in 2020 to provide a platform for Women that work across the Energy Industry value chain; to network and build confidence and links to progress their careers or businesses.

Our vision is to be the leading Network that promotes the participation and advancement of Women in leadership across the energy value chain in support of National Development.

PURPOSE

- Address representation of women in the leadership positions across the energy industry to drive performance and delivery.
- Enhance the quality of decision making through diverse and holistic approach to ideas generation.
- Advocate for policies and regulations in the energy industry to attract and exploit the potential of women in value creation.
- Leverage the nature and nurture capabilities of women in domestication.
- Seek transfer of skills and capabilities across the various sectors in the Energy industry.
- Platform for women across entrepreneurial, corporate and government entities.

MISSION

WIEN is an association that facilitates greater success through gender diversity, equity and inclusion. The combined professional experience and global network of our founding members enables us advocate for change and educate to advance women and entrepreneurs at various levels in the energy supply chain. A WIEN woman uplifts other women, helps drive organizational performance, accelerates profitability, and is committed to the advancement of the energy sector for national development.

CORE VALUES

- Professionalism
- Integrity
- Collaborative
- Inclusivity
- Determined
- Trust

KEY INITIATIVES

- WIEN as umbrella body to enable collaborations across all the women networks in the energy industry.
- Creating the platform for women to network and develop their core skills and capabilities.
- Actively promote the interest of the girl child in STEM
- Offer coaching and mentoring opportunity for women in the industry.
- Be the advocacy voice in support of women participation and engagement in various sectors of the energy industry.
- Ensure women have the requisite capabilities to support entrepreneurial ventures.

FUNMI OGBUE

MD/PRINCIPAL CONSULTANT ZIGMA

Funmi Ogbue has built successful structures on which her organisations have thrived in the Consulting, Oil and Gas, Defence and Development Sectors. Funmi Ogbue has demonstrated the importance of female leadership in a country where 50% of the population are women and largely underemployed. She has grown her organisations by 100% year on year from inception.

Funmi Ogbue is MD of Zigma focused on Oil and Gas Services providing Soil Remediation and Engineering, Procurement and Construction Services. She is also founder of Jake Riley with its focus on Public Sector Transformation., Libra Security providing Physical Security services and defence procurement and Support our Troops Foundation, an NGO set-up to promote citizen support for military Troops and families.

As founder of Zigma, Funmi has taken what began as an oil and Gas Service company to a full-blown Exploration and Production company positioned to take advantage of the current commercial and regulatory environment, operate in a lean and mean manner and extract value from all opportunities. Zigma has recently acquired commercial interest in a small Marginal field opportunity in Nigeria and has cautious appetite for bigger E&P opportunities.

Zigma is a member of WE Connect International and has been selected as a member of Project 100 a Ministry of Petroleum Resources an NCDMB initiative. Jake Riley has worked on large scale projects for NNPC, Ministry of Petroleum Resources, NCDMB, OGFZA, SON, Ministry of Industry Trade and Investments, Securities and Exchange Commission, NDPHC, IDSL, NAPIMS etc. Jake Riley won an Oracle Award for best Cloud implementation of 2018.

Funmi was honoured to be listed by NIPRO as one of the Global Top 40 under 40 female professionals in 2008. Funmi Ogbue holds an M.Sc in Organisational Change & Development from the University of Manchester, and a B.Sc in Sociology from the University of Lagos.

PATRICIA SIMON-HART

CEO AFTRAC LIMITED

Patricia Simon-Hart is the founder and Managing Director of Aftrac Limited, an oil and gas service company that has been in operation for over 20 years. She is also the current Secretary to the Executive Board of PETAN (Petroleum Technology Association of Nigeria), and has over 30 years of experience in Management, Public Policy and Administration.

Patricia started her career in the Information and Communications Technology (ICT) sector, and from there she set out to establish her own Oil Service company.

AFTRAC began operations in 1998 offering a range of technology driven solutions to the Nigerian Oil & Gas Sector, including Sand Management, Process diagnostics and Interwell Studies. In 2007 Aftrac extended their operations to include Surface Well Testing services.

In 2009 she was called into public service, appointed Commissioner for Water Resources and Rural Development, to the Government of Rivers State (2009-2015). She continues to work in the development sector on an ad-hoc basis.

Patricia Simon-Hart has a Masters in Public Administration from Harvard, Kennedy School of Government, a Bachelors Degree in Mathematics/Computer Science & Statistics, from the University of Port Harcourt, and is an alumna of London Business School.

She has two daughters, enjoys playing golf, and is committed to a variety of Christian charity projects and programs.

DR. IBILOLA AMAO

CEO/PRINCIPAL CONSULTANT LONADEK INC.

Dr. Ibilola Amao is the Principal Consultant of Lonadek Inc. A multi-award-winning, ISO: 9001: 2015 Certified Company. She is involved in value-creating projects in the Energy, Power, Infrastructure, Manufacturing, Oil and Gas sectors. Lonadek's STEM and local content activities create value through community, local supplier and human capital development in resource-rich emerging economies. She is recognized as a Forbes Africa Rising Star 2019.

She is an alumnus of Manchester Business School, United Kingdom, bagged a Ph.D. in Computer-Aided-Design and Draughting from Bradford University, UK and a First Class Honours degree in Civil and Structural Engineering from Queen Mary College, University of London. She is the Chairperson for the Industry Advisory Team, Lagos State Technical and Vocational Education Board, - Industry Advisory Team and is a Fellow of the Energy Institute (EI), UK, a chartered member of the Nigerian Society of Engineers (NSE), a member of the Council for the Regulation of Engineering in Nigeria (COREN), and a member of the panel of judges for the Royal Academy of Engineering UK Africa Prize.

Dr. Ibilola Amao is a leading advocate of Local Content Laws and its outright implementation in the Oil and Gas sector. She was very involved in the various activities that greeted the actualization of the Nigerian Oil and Gas Industry Content Development (NOGICD) guidelines before it was eventually passed into law on the 22nd of April, 2010. She is greatly averse to capital flight and human capital drift which the NOGICD Act stands for. She remains passionate and committed to Human Capital Development Initiatives and in STEM focused sectors of emerging economies.

As a committed change agent Ibilola invests her time in the "Vision 2020: Youth Empowerment & Restoration Initiative" in May 2006. Ibilola set up a STEM hub to empower professionals and entrepreneurs in STEM. A Vital Voices VV GROW, VV100, GAP 2017 fellow and WeConnect International certified member she is involved in Women empowerment activities with WimBiz who pays it forward for national development and socio-economic transformation.

CECILIA AQUA UMOREN

MD/CEO, MILLENIUM OIL AND GAS COMPANY LIMITED

Mrs. Cecilia Aqua Umoren was called to the Nigerian Bar in 1979. She is part of a group of professionals that founded Emerald Energy Resources Limited, an indigenous oil and gas company, (Operator of OML 141) where she worked as Executive Director, Corporate and Legal Services until she was appointed Managing Director/Chief Executive Officer of Millenium Oil and Gas Company Limited (MOGCL) in July 2015.

Prior to joining Emerald Energy Resources Limited (EERL) in 2001, she was the principal/founding partner of the law firm Cecilia Okafo & Associates (now Sapphire Partners), a full service corporate and litigation firm, where she gained a wealth of experience in international transactions and local legal practice. The firm represented many foreign oil service companies in a range of matters both legal and commercial including contractual, regulatory and policy issues.

Mrs Umoren was one of the pioneer legal practitioners of telecommunications in Nigeria. She acted as external solicitor to Nigeria Telecommunications Limited (NITEL) and represented NITEL in its first major telecommunications Joint Venture, Mobile Telephone System (MTS) where she eventually served as Company Secretary. She also served in the Federal Government of Nigeria's Ministerial Committee to implement the Open Skies Agreement.

Mrs. Aqua Umoren has a Bachelor of Laws (LL.B) Degree from the University of Nigeria, Enugu Campus, Bachelor of Laws (BL) from the Nigeria Law School, Lagos and a Masters in Comparative Law Degree from Southern Methodist University, Dallas, Texas, USA. She is also an alumna of Harvard Business School's Women's Leadership Forum.

In addition to Millenium Oil and Gas Company Limited and Emerald Energy Resources Limited, she sits on the Board of Directors of Waltersmith Petroman Oil Limited and is a founding director of Super Geeks Limited, a nascent technology solutions company. She is a member of the Board of Governors of Petroleum Club, Lagos Nigeria and she is also an active member of several professional and philanthropic associations including International Women's Society Nigeria where she is a Past President and Trustee.

ALERO ONOSODE

GM HR, SEPLAT

Alero Onosode is a seasoned Human Resources Executive with over 30 years' experience in the Oil & Gas industry. She has global experience in Leadership and Human Capital Development.

She is currently the General Manager, Human Resources in Seplat Petroleum Development Company Plc. She previously worked with Shell in various HR roles and as the Venture Integration Risk Manager responsible for the integration of non-technical risks in project promises.

Alero holds a Bachelor of Arts in English and an MBA from the London Business School. As an expert in Human Capital Development, Alero has the responsibility for leading, defining and managing the Seplat Human Resources Strategy and the delivery of Seplat's Strategic business objectives through a highly skilled and well-motivated workforce.

She is a Fellow of Chartered Institute of Personnel Management (CIPM), Fellow of Chartered Institute of Personnel Department (CIPD) UK.

IBIENE OKELEKE

MD, ENERGY TRAINING CENTER

Prior to her appointment as the Managing Director of Energy Training Center the Learning Academy of the Sahara Group focusing on the Power Oil & Gas sectors, Mrs. Ibiene Okeleke was the Chief Human Resources and Administrative Officer of Ikeja Electric, a role she took over after the privatization of the power sector, prior to that she was the Group Head of Human Resources at the Sahara Group.

She holds an Advanced Human Resources Executive Degree from the Ross School of Business, University of Michigan, a Master Degree from IESE Business School, University of Navarra Spain and obtained a Bachelors' degree in Industrial Relations and Personnel Management from the University of Lagos. She has also completed a Strategic Human Resource Training course at Harvard Business School and she is a certified Prince 2 Practitioner.

Ibiene Okeleke has over 20 years' on-the-job experience, she is a Career Coach and she is passionate about people development, continuous learning Youth Empowerment and Career Development Programs, she encourages and inspires her team to strive for higher productivity in the workplace.

Ibiene is creatively inspiring with a positive attitude; she is a strong communicator, has a fantastic sense of humor and believes in team work.

A portrait of Charlotte Essiet, a woman with long dark hair, wearing a striped shirt. The image is semi-transparent and serves as a background for the left side of the page. There are teal decorative elements: a circle on the right side of the portrait and a horizontal bar at the bottom left.

CHARLOTTE ESSIET

DIRECTOR OF CORPORATE & REGULATORY AFFAIRS, AOS ORWELL LTD.

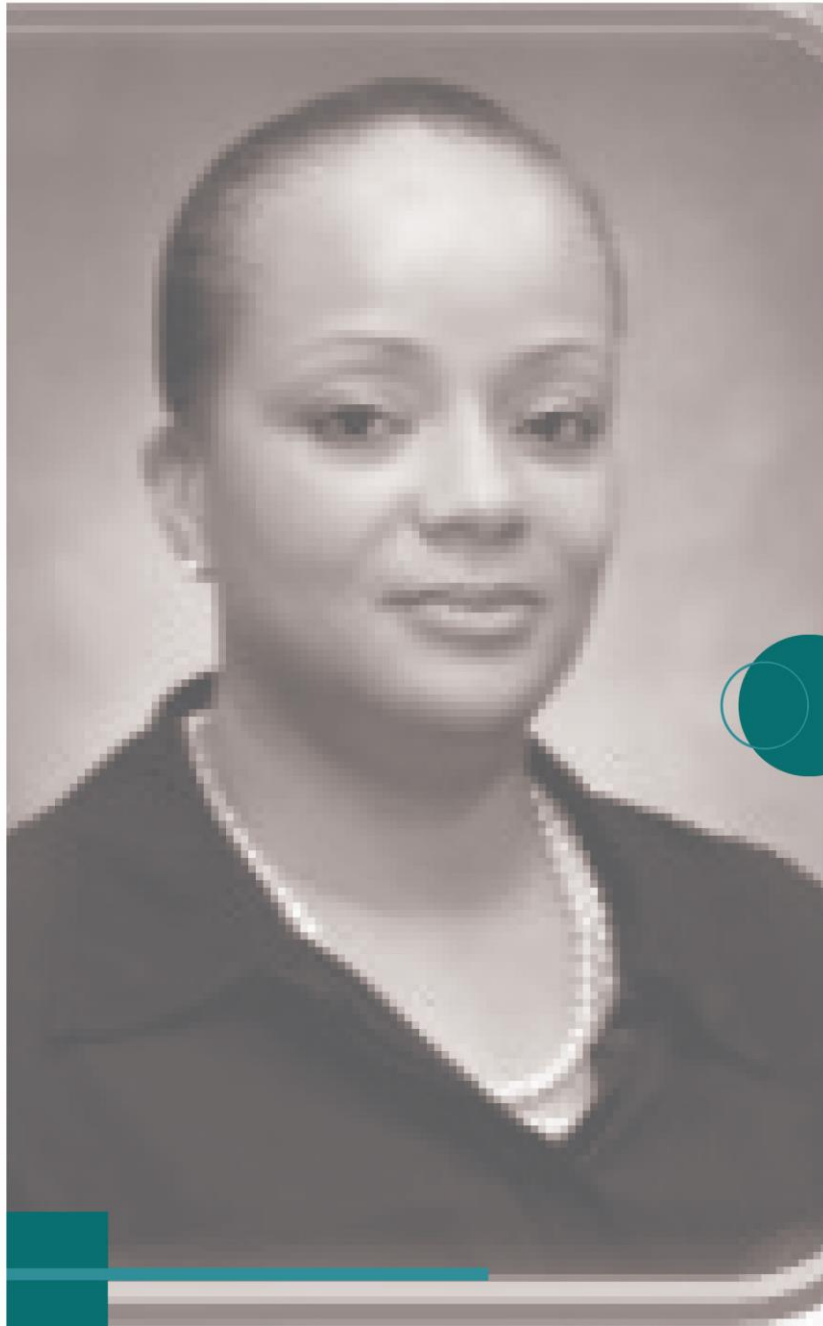

Charlotte Essiet is currently the Director of Corporate and Regulatory Affairs at AOS Orwell, one of the leading Indigenous Oilfield Servicing brands for Process Automation and Control, Wellbore Construction and Oil Country Tubular Goods in West Africa.

A trained Engineer, Charlotte is a highly motivated and knowledgeable professional with more than 20 years national and international experience in the Oil and Gas sector. She has a successful track-record for taking on cross-functional leadership roles in global conglomerates like Baker Hughes, Halliburton and a few others.

Her professional experience spans Business Strategy, Project and Process Management, Supply Chain Management and Business Consultancy & Analysis. Her problem-solving skills fuel her result-driven orientation and her constant thirst for knowledge.

In addition to the 1000+ combined years of expertise that AOS Orwell has, Charlotte has in a very short time, brought in the added value of professionalism, creativity and innovation to the table.

She holds a Bachelor's Degree in Mechanical Engineering from the Lagos State University (LASU), an MBA in Engineering Business Management from Manchester Business School and an Executive Certificate in Strategic Marketing Management from Stanford Business School. In addition to this, she holds an Executive Certificate in Transformational Leadership, Excellence and Corporate Governance from London School of Economics and Political Science.

PRISCILLA THORPE- MONCLUS

MD/CEO, MRS OIL NIGERIA PLC.

Mrs. Priscilla Thorpe-Monclus holds a master's degree in Oil Operation and Supply Chain Management from Liverpool University, United Kingdom and Bachelor's degree in International Studies and Business from University of Coventry, United Kingdom. She is a member of the institute of Directors. She has attended several courses locally and internationally including courses at the INSEAD Business School, Singapore.

She has over 17 years' experience in the Oil and Gas sector and has held high-level positions in reputable organizations where she recorded numerous business successes; such as Executive Director, Operations at Energy Solutions Integrated Services, Senior Manager, Business Development at OANDO, Head of Marketing/ Customer Service Unit, Retail Manager, South West and Sales and marketing manager, all at MRS Oil Nigeria Plc.

Until her appointment on the 10th of January, 2019 as Director and Managing Director/CEO (Acting), she was the Group Sales and Marketing Manager of MRS Oil and Gas Limited.

AMINA MAINA

DIRECTOR/COO, MRS HOLDINGS LIMITED

Mrs. Maina is a seasoned leader and executive who brings to every board, a wealth of knowledge, expertise and experience. She presently serves as a Board Member on the Board of various reputable organizations. Some of which are MRS Oil Nigeria Plc, MRS Benin, Corlay Cameroon, First Mutual Microfinance bank and the Maitama Amusement Park Abuja. She is currently the Group Chief Operating Officer for MRS Holdings Limited.

She has over 20 years' experience in the oil and gas industry, spanning the entire value chain in the downstream sector of the industry, from trading, shipping, storage and retailing. Her wealth of experience is brought to bear in her running the MRS group of companies in 6 African countries and Switzerland. She began her career in 1998 as a youth service corps member with the Pipelines and Product Marketing Company (PPMC), a subsidiary of NNPC. Throughout her 20 plus years in the industry, she has worked in various companies such as, Marc Rich Investments Ltd, Aurora Energy Trading Ltd, Energy Solutions Integrated Services Ltd, Ovlas Trading S.A and currently, MRS Holdings Limited.

She has held various positions, overseeing marketing and sales, trading, business development and logistics. Amina is an Alumni of the prestigious Harvard Business School and Ahmadu Bello University Zaria, where she obtained a B.Sc in Business Administration. She has attended various courses and trainings in leadership, strategy, financial management and supply chain at Harvard Business School, INSEAD and London Business School. She has also attended various industry courses at CITAC LLP London and the Oxford Princeton College.

She is a forward focused professional with a unique blend of industry transferrable skills, combined with consistent delivery of global best practice to drive organizational goals. A creative thinker and problem solver who consistently applies business analysis and critical thinking skills to develop new systems and enhance existing and future operations.

EYONO FATAYI-WILLIAMS

GENERAL MANAGER EXTERNAL RELATIONS, NLNG

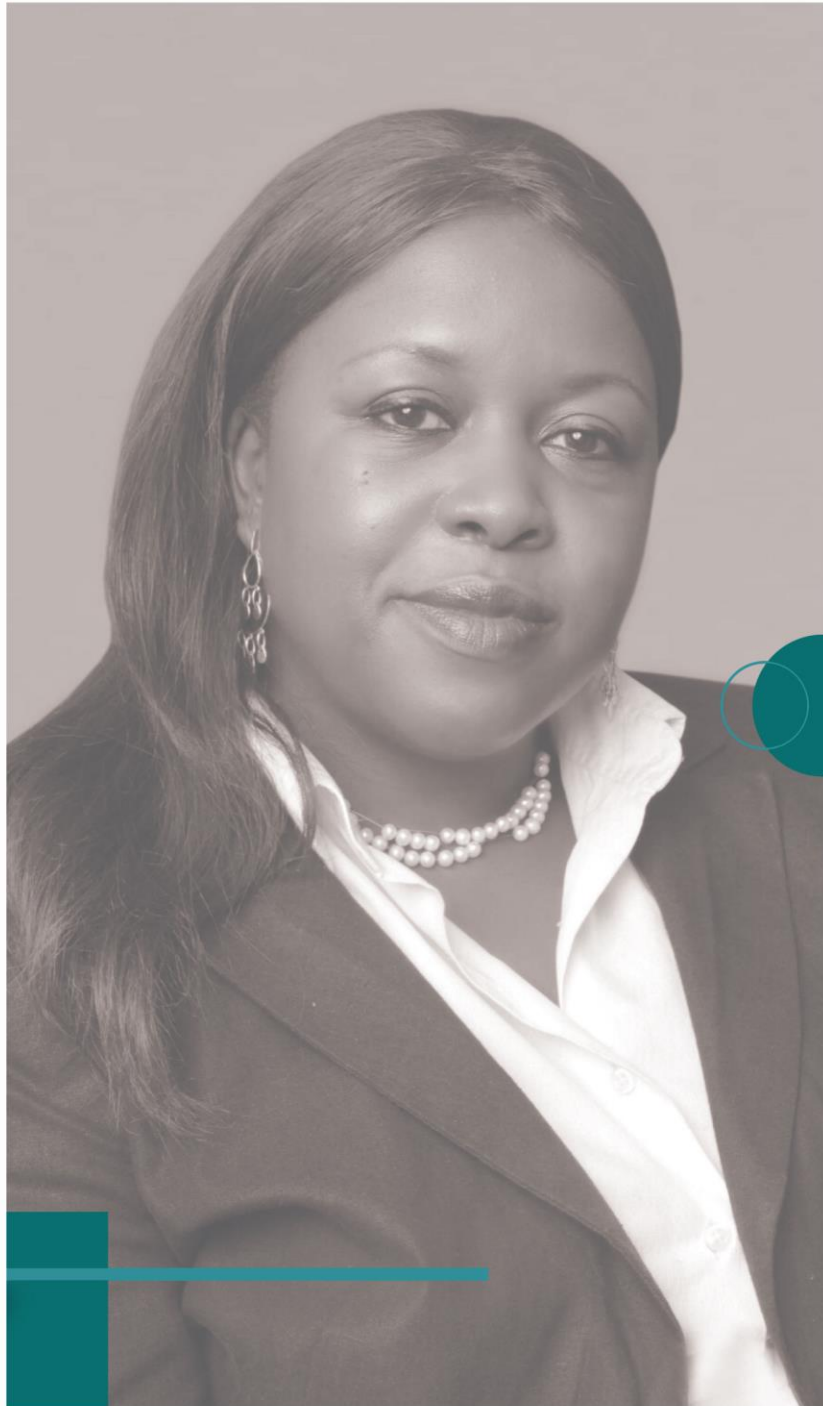

Eyono Fatayi-Williams has over 30 years of working experience most of which have been in leadership positions in various industry sectors including oil and gas, banking, security printing and manufacturing.

Eyono has held several management positions in NLNG. Prior to her appointment as General Manager, External Relations, she was the Manager, Human Resources responsible for policy, services, industrial and employee relations; Manager, Commercial Sales Administration and Manager, IT and Telecommunication Services. Before joining NLNG, she worked in Nigeria Security Printing and Minting Company, MBC International Bank and HACO, a Division of John Holt Limited.

She is an alumna of the University of Lagos and Leeds Metropolitan University with a Bachelor's degree in Computer Science and a Master's in Corporate Governance respectively. She is also an alumna of Cranfield University and INSEAD Business School, having graduated from the Executive General Management Programmes. She is a John Maxwell Certified Coach, Mentor and Speaker.

Eyono is a Fellow of the Chartered Institute of Administrators of Nigeria and WIMBOARD Institute, a member of the Chartered Institute of Personnel Management (CIPM), Nigerian Gas Association and Women in Management and Business (WIMBIZ). She is a member of the Governing Council of Nigerian Employee Consultative Association (NECA), and an associate member of the Chartered Institute of Arbitrators.

On volunteer basis, Eyono offers her expertise to support not-for-profit organisations focused on rehabilitation of vulnerable girls and the less privileged in Africa. She is an astute influencer, innovator, and a dedicated technocrat committed to achieving results. She is strategic with excellent networking and communication skills and is passionate about organisational effectiveness, good governance and leadership development and, to her credit, has led many game-changing initiatives.

TEMILOLA AKACHOBE

FINANCE DIRECTOR, BOND GLOBAL ENERGY

Temilola Achakobe is a graduate of Accounting from University of Lagos Akoka. She is also an alumnus of IESE Nevara Barcelona where she obtained her Masters' in Business Administration.

She started her career as an audit trainee in Ernst and Young - Chartered Accountants in Lagos, where she qualified as a Chartered Accountant in 1995. After spending 6 years with E &Y, she moved on to be the Chief Finance Officer for Ocean and Oil Holdings and later went on to be the Group Cash Manager for Oando Plc. She stayed in the Group for 4 years.

Seeking better opportunities, she moved on to Sahara Group as the Head of Finance in its downstream business and later went on to become the Treasurer of the Group. Her experience in Sahara spanned the whole value chain of the Oil and Gas Industry - Upstream, Midstream and Downstream.

She was instrumental in the start-up of Aviation Air and Land Services and together with the other team members, built AALSL to be the fourth highest revenue generating company in the Group. She was also involved in raising finance for the power assets Sahara bided for and acquired. She was also involved in raising finance for the re-entry into an oil well for the upstream Company of the Group.

She was in Sahara for a period of 8 years after which she moved on to be one of the pioneer team members of Bond Global Energy with the responsibility of building a profitable world class Oil and Gas Company. She is a Fellow of the Institute of Chartered Accountant of Nigeria, an ISO certified auditor and a Success Life Coach.

ELOHOR AIBONI

Managing Director, SHELL NIGERIA EXPLORATION & PRODUCTION COMPANY

Elohor has over 18 years of experience in the Nigerian Oil and Gas Industry. She is the current Asset Manager, Bonga. A Deepwater Floating Production Storage and Offloading (FPSO) facility operated by Shell in Nigeria.

She has held several roles in Production Operations, Project/Asset Management, Operations Readiness/Assurance, including functioning as a Business Adviser to the Executive Vice President, Sub Sahara Africa and Third-Party Interface management across several assets in Nigeria and Kazakhstan.

Elohor holds a master's degree in Integrated Environmental Management from the University of Bath, UK and a Bachelor's degree in Chemical Engineering from University of Benin, Nigeria.

Elohor is passionate about promoting improved performance anywhere she finds herself, nurturing talents, and about female inclusion in STEM through She Can Nigeria.

FOLAKE SOETAN

CEO, IKEJA ELECTRIC PLC

Folake Soetan is the Acting Chief Executive Officer of Ikeja Electric Plc, the largest privately run distribution company in Sub-Saharan Africa. Folake oversees the ongoing transformation at Ikeja Electric which has earned the company the remarkable recognition of the ISO9001 & OHSAS18001 certification.

Folake joined Ikeja Electric as Deputy Chief Commercial Officer. She was immediately tasked with creating strategies and initiatives to reduce commercial and collection losses, and improving customer service delivery. Within a year, she was made Chief Commercial Officer of Ikeja Electric, ushering in one of the most amazing turnarounds the industry has seen from a commercial point of view.

In 2019, Folake was promoted to the position of Chief Operating Officer with the goal of transforming key commercial and technical operations in the organization. Folake was a Sales Account Manager for British Airways, before moving on to Virgin Nigeria, where she was the Head of Sales and helped expand Virgin Nigeria's revenue within just two years of operation. After Virgin Nigeria, she joined SO Aviation, Lagos (a Sahara Group company) in 2009 where she later became the Vice President Downstream, West Africa.

She has over 20 years of professional experience in the management of start-ups, sales & marketing, change management, and over 13 years in leadership roles. Her experience spans the aviation, oil & gas and power sectors. She honed her skills in Halliburton, British Airways, Virgin Nigeria and Sahara Group.

Folake is a graduate of Banking and Finance from the University of Lagos. She is also an alumna of Harvard Business School where she acquired certification in Advanced Management. She has over the last 20 years of her career, garnered several certifications in various professional courses.

CHIOMA N. OKPOECHI **CP MANAGER PRODUCTION , LOGISTICS,** **MAINTENANCE & MATERIALS** **MAGNAGEMENT, SHELL**

Dr. (Mrs.) Chioma Okpoechi is an astute and experienced Contracting and Procurement Professional with 23 years of experience in the Oil and Gas Industry. She holds a B.Sc. degree in Geography from the University of Nigeria, a post Graduate Diploma in Business Admin and an MBA also from the University of Nigeria. She is a member of the Chartered Institute of Purchasing and Supply, a Fellow with a Professional Fellowship Doctorate (PFD) of the Institute of Public and Corporate Administrators of Nigeria.

Chioma joined Shell in 1997 as a Procurement and Logistics Trainee. She has since held several positions in the Procurement, Contracting and Logistics and Major Projects functions. She was transferred to Gabon in 2008 on an International Assignment and till 2012, was the interim Contracting and Procurement manager and then the Head of Contracting services for Shell Gabon. She returned to Nigeria in 2012 to take up the Lead role in Contracting and Procurement for Major Pipelines, Civil construction and Corporate Matrix Projects for SPDC in Port Harcourt. In 2016 Chioma assumed the CP Logistics and Materials Manager role and in 2018 became the CP Manager for Production, Logistics, Maintenance and Materials Management for Shell Companies in Nigeria.

She was one of the founding members of Shell Women's Network in Gabon. She championed the CIPS Professional Certification for women in Contracting and Procurement Shell Gabon at that time. Amongst many other roles, Chioma served in the past as member of the executive of the CIPS Shell Port Harcourt branch, African Lead in the Global Shell Women in CP Network Core team and led the execution of the WiCP agenda for Africa. She also led a Virtual Global Mentoring Circle for Contracting and Procurement women in Shell. She led the Shell Nigeria Women's Network in SPDC Port Harcourt between 2013-2015. In November 2018, she was awarded a Fellowship and also a Professional Fellowship Doctorate by the Institute of Corporate and Public Administrators of Nigeria.

Chioma is a Trained and Skilled Negotiator, Interviewer, Certified Assessor and Coach, Workshop Facilitator and Public Speaker. Her work on the role of Women in the Oil and Gas Industry has been published in the Journal of Gender and Women Development (JOGEWOD) of the University of Port Harcourt. Outside work, her other personal interests span a wide spectrum from taking long walks to Community Development Initiatives, Missions, Fashion and Wellness to Coaching, Mentoring and Workshop Facilitation. Chioma is married to Obinna and they are blessed with two children Dum and Ama.

INOYO UDOM

VICE CHAIRMAN, EXXON MOBIL AFFILIATES IN NIGERIA

Udom Inoyo holds a Bachelor's degree in Political Science in 1981 and a LL.B in Law in 1987 from the University of Calabar. He was called to the Nigerian Bar in 1988. He worked as an Administrative Officer with the Cross River and Akwa Ibom States Government in Calabar and the Liaison offices in Lagos.

Mr. Udom Started his career with Mobil Producing Company in July 1989 in Lagos, Nigeria, as an Employee Relations Coordinator. By 2000, he became Compensation and Benefits Advisor, Exxon Mobile Europe, Africa & Middle East Center of Expertise, in Brussels, Belgium, where he had responsibility for the National Salary Programs of 10 African and 4 European countries. He returned to Nigeria in 2001 as Manager, Human Resources Policies & Programs for Mobil Producing Nigeria. He served as General Manager, External Affairs, Mobil Producing Nigeria Unlimited from 2002 to 2006. He was also appointed to the Board of Mobil Producing Nigeria in 2004 as Executive Director. In 2006, he became the In-Country Human Resources Manager for ExxonMobil subsidiary companies in Nigeria.

Since March 2018, Mr. Udom has been the Vice Chairman, Exxon Mobil Affiliates in Nigeria - Mobil Producing Nigeria Unlimited (MPN) and Esso Exploration and Production Nigeria Limited (EENL). He has been actively engaged in various activities of the oil and gas sector in Nigeria. He has chaired both the External Affairs and Human Resources committees of the Oil Producers Trade Sector (OPTS), a body that represents the interests of all upstream oil and gas producing companies in Nigeria. Mr. Udom established the Inoyo Toro Foundation in 2007, a platform to advance the recognition of public secondary school teachers and students' mentorship in Akwa Ibom State. In 2015, he facilitated the start-up of the International Centre for Energy and Environmental Sustainability Research (ICEESR) in University of Uyo, Akwa Ibom State.

He is a member of the Institute of Directors of Nigeria (IOD), Chairman of Council and Distinguished Fellow, Chartered Institute of Personnel Management of Nigeria (CIPM). He was honoured with the Distinguished Service Award by the Institute of Petroleum Studies, University of Port Harcourt, Rivers State. Mr. Udom is an alumnus of the Lagos Business School and Thunderbird School of Global Management, Arizona. His other personal interests include, Reading, Mentoring and Golf.

TONY ATTAH

Immediate Past MD/CEO, NLNG

Tony Attah graduated from the University of Ibadan in 1987 with a degree in Mechanical engineering. He obtained a Master's in Business Administration in 1997 from University of Benin. He attended several leadership development programs in IMD- Geneva, INSEAD - France, and a specialist program with Cambridge in the UK. He has attended several training courses in Nigeria and abroad on Oil and Gas Exploration & Production business, HSE, Maintenance Engineering, Auditing in a technical environment, Project Management & Gas processing among others. Tony is a chartered engineer with Council of Registered Engineers in Nigeria (COREN), a Fellow of the Nigerian Society of Engineers and also a member of Society of Petroleum Engineers (SPE).

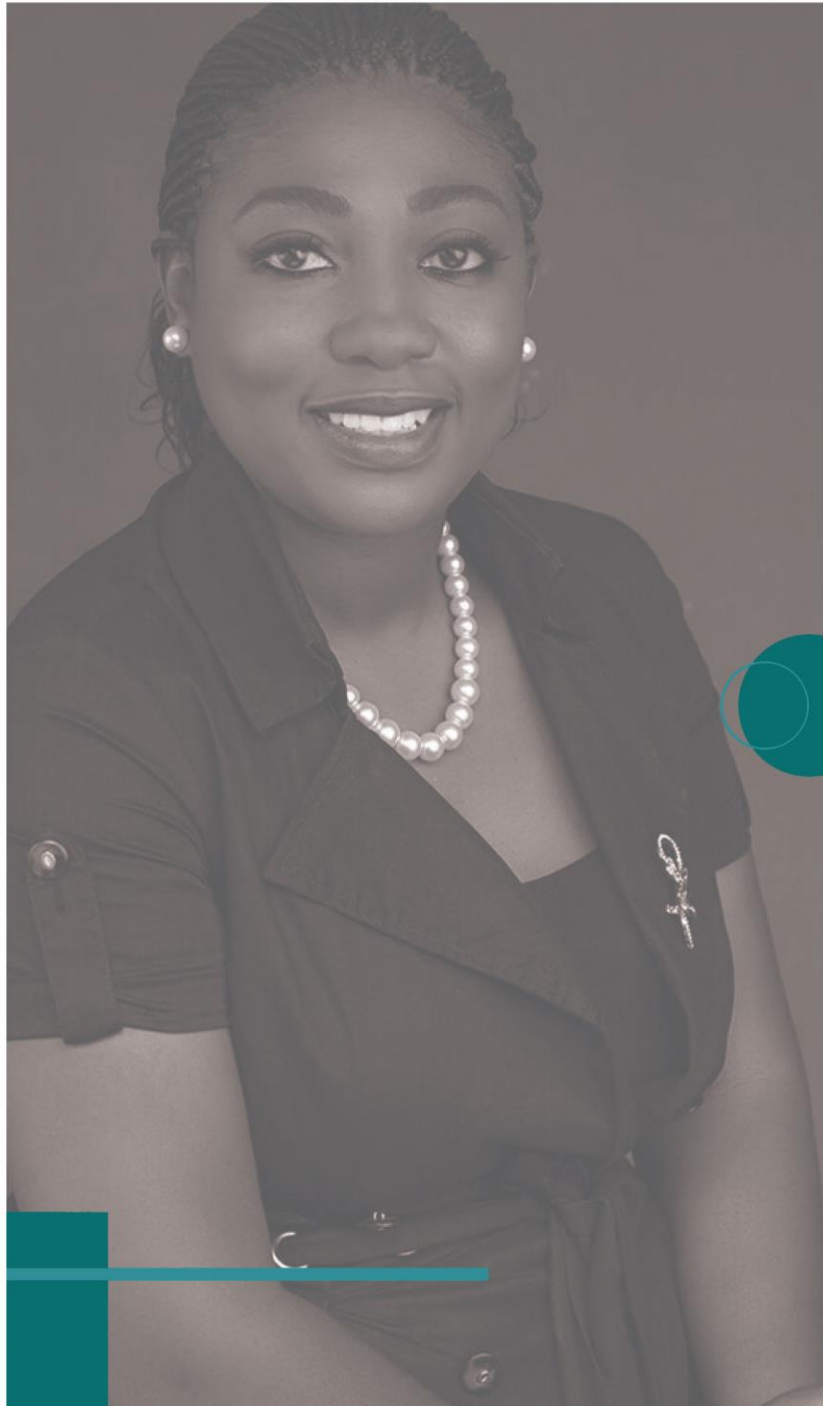

Tony started his working career in 1988 in the manufacturing sector with Sokoto Cement Company as a Management trainee and shift production engineer before joining SPDC in 1991 as a Maintenance Engineer. He was appointed as the Head of Joint Venture Economics between 2000 and 2004 before returning to back to his Production root as the Asset Superintendent for the Soku Gas plant. In 2007 he proceeded on an international assignment to Royal Dutch Shell (RDS) in Netherlands where he was responsible for Shell Operations Readiness and Assurance in Russia on the over \$20billion Sakhalin project and the entire Shell projects portfolio readiness in sub Saharan Africa, providing technical and leadership support.

In 2009 Tony returned to Nigeria to take on the role of GM, Shell Western Operations and Sustainable Development. He would later advance to become the Vice President for HSE & Corporate Affairs in sub Saharan Africa. In 2013 he was appointed to the position of Vice President for Human Resources for Sub-Saharan Africa and - Managing Director for Shell Nigeria E&P Company (SNEPCo) managing the offshore arm of Shell's business in Nigeria and Gabon. In 2015 he was appointed as the Shell RDS Integrated Gas senior Projects Advisor. In July 2016 Tony was appointed MD/CEO of NLNG; a position he currently occupies. Tony's 26 years of industrial experience is encapsulated in his proven track record of delivering top quartile performance in managing organizations and nurturing long term business relationships with internal and external stakeholders.

Between 2009 till date, He has sat on the board of several companies both as a member and chairman among which are SPDC, SNEPCo, Amnesty Oil and Gas Industry Foundation, Shell Nigeria Infrastructure Development company, Shell Nigeria Closed Pension Fund Board, and more recently on the boards of NLNG and Bonny Gas Transport Company (BGT). Tony is married to Mrs. Oma Attah and they are blessed with two children.

FOUNDING MEMBERS PROFILES

TOLULOPE FALOLA

REGIONAL BUSINESS DEVELOPMENT MANAGER, STERLING & WILSON

Tolulope Falola is a seasoned techno-commercial executive with over 15 years of professional experience acquiring extensive knowledge of the Nigerian Oil, Gas and power sector.

She currently works with Sterling & Wilson as the Regional Business Development Manager looking after Hybrid & Energy storage solutions (Renewables) in West Africa. She is also Co-founder of Digiscape Solutions.

She previously served with Schneider Electric as the Oil & Gas Segment Manager West Africa and Sahara Energy as Business Development Manager Downstream

She has a MBA in International Oil and Gas from the University of Dundee, Scotland, and was the first person to qualify (in Nigeria) as a professional Energy Manager from the Energy University certified by the Institute of Energy Manager - America. She is a certified solar energy expert and a certified six sigma green belt professional. She holds a first degree in Microbiology.

She is a volunteer career mentor with the Elevate Impact foundation and a partner with the Visiola foundation on STEM (Science, Technology, Engineering and Mathematics) advocating for female inclusion and participation in STEM through training, organizing boot camps and creating awareness on social media.

She is passionate about mentoring young leaders, an advocate of female inclusion and gender diversity and currently a member of the Schneider Electric Women Advisory board representing the African zone.

Her mantra is that change starts from where you are and there is no limit to my sphere of global influence.

ANITA OMOILE

CEO, DEEP BLUE ENERGY SERVICES LIMITED

Anita has over 25 years of oil industry experience and has worked for Shell and Foster Wheeler, where she rose to the position of Vice President for Sub-Saharan Africa, handling a regional work portfolio across seven African countries prior to leaving by April 2009.

Anita incorporated Deep Blue Energy Services Limited in May 2009 in response to the growing need for increased local content penetration and compliance in the Nigeria's energy sector.

Under Anita's leadership as the CEO, Deep Blue Energy Services has evolved to providing a diversified range of services ranging from manpower support to specialist engineering services. She has also positioned Deep Blue Energy Services for the next phase of growth in this new decade.

Anita has consistently been a leading voice in the Nigeria upstream sector and remains passionate about mentoring young oil and gas professionals. Anita is a member of the Society of Petroleum Engineers and Institute of Directors.

IROGHAMA OBUOFORIBO

COO, STARZS INVESTMENTS COMPANY LIMITED

Iroghama Obuoforibo is the Chief Operating Officer of Starzs Investments Company Limited where she manages the affairs and operations of a Fleet of Eleven Ships working Deep offshore Nigerian waters supporting the oil exploration and production activities of International Oil Companies.

Iroghama holds a Bachelor's degree in Biology and Psychology and an MSc in Public Health. She is an alumni of the Harvard Business School and a member of the Institute of Directors (IoD). She is also the Chairman, Finance and Membership Committee for Shipowners Association of Nigeria.

Iroghama is a serial entrepreneur who sits on the board of a Private Security Guards Company and is the founder of a Beauty Brand, Hairven which has beauty salons, spa and a hair care product line.

In 2013, she emerged winner of the maiden edition of The Next Titan Entrepreneurial Reality TV Show and has received several awards for her business acumen including two Eagle awards for Young Entrepreneur of the year and The Future Awards Nomination for the Beauty category in 2016.

She is a mother to two beautiful twin girls and is committed to the growth of female entrepreneurs, a passion she drives through mentorship and support.

YEWANDE ABIOSE

MD, ENERGY INSTITUTE NIGERIA

Yewande Abiose is an energy economist with over fourteen years experience spanning audit, financial planning, consulting and performance management within the energy sector. She started her career as an Auditor in Deloitte West Africa where she carried out process audits and substantive tests on financial statements for various upstream, downstream, and oil servicing companies such as NLNG, Addax, Conoil, and Negril to name a few.

She later joined Total Nigeria Plc as an internal auditor where she worked with a team of experts to implement internal controls for the different aspects of the business. She was also tasked with several routine audits and special assignments across the country.

Her quest for excellence and ability to take on challenging roles led her to become the pioneer Business Development Manager of the Nigeria branch of the Energy Institute; a professional organization registered by the UK Royal Charter that promotes skills and knowledge sharing across disciplines within the energy sector. Her tenacity and significant contributions to the growth of the branch led her to become the first Managing Director of the Institute.

She led the team of professionals that won the Global Challenges Research Fund (GCFR) grant from the Royal Academy of Engineering UK and trained young Nigerian engineering graduates to become power and renewable energy experts. She also successfully launched Nigeria's first Energy Sustainability Conference (ESC) in 2018, a conference that brings together professionals from across the entire spectrum of the energy sector.

She holds a B.Sc. in Economics and M.Sc. in Energy Economics & Policy both from the University of Surrey, Guildford UK. Yewande is passionate about the girl-child education and a strong advocate for gender equality within the energy sector.

MODELE IDIAHI

MD, ELEVA GROUP

As the Managing Director of Eleva, A Gas to Power Project Development company, Modele has fully brought to bear over 15 years of Industry experience from project finance to project completion and execution. She leads the pioneering team of with over 100 years of collective experience in the industry, with the counsel and influence of a strategic Board with strengths across all sectors.

Modele Idiahi, while leading the Eleva team, successfully raised the finance required to finance and develop the project to coordinate and construct the Eleva Mini LNG Gas processing plant. Eleva will also be implementing the virtual LNG pipeline with a fleet of cryogenic trucks to customers at strategic locations not within the existing gas pipeline network.

After work experience over the last 15 years which included 10 years at the multinational SiemensAG and 4 years at the Investment Bank, Chapel Hill Advisory Partners, Modele has acquired the practical combination of leadership, business and market development, corporate finance, research and development, corporate strategy, Human capital development and Sales. This all led to the birth of Eleva, a pioneering Gas to Power development company set to deliver power to the Nation through a myriad of projects including a virtual gas pipeline.

At Siemens, Modele coordinated the management and development of over 100 employees before being selected a senior representative of Siemens at the Lagos State Light up Lagos initiative and Edo State Electrify Edo Initiatives. Having previously worked in financial media at Financial Standard, as the driving force behind market development, She leads with a deeper understanding of business creation, creating value and its subsequent impact.

With exposure cutting across Investment Banking, project development and the Power sector, she is committed to the natural gas to power sector in Nigeria and supporting the industry in its growth and stability.

FELICIA AGUBATA

A portrait of Godrey Ogbechie, a woman with braided hair, smiling. The image is partially obscured by a grey overlay on the right side of the page.

GODREY OGBECHIE

GROUP EXECUTIVE DIRECTOR, RAINOIL LIMITED

Godrey Ogbechie is a graduate of Agricultural Economics and Extension from the University of Calabar, Nigeria. She acquired a Master's in Business Administration in the year 2000.

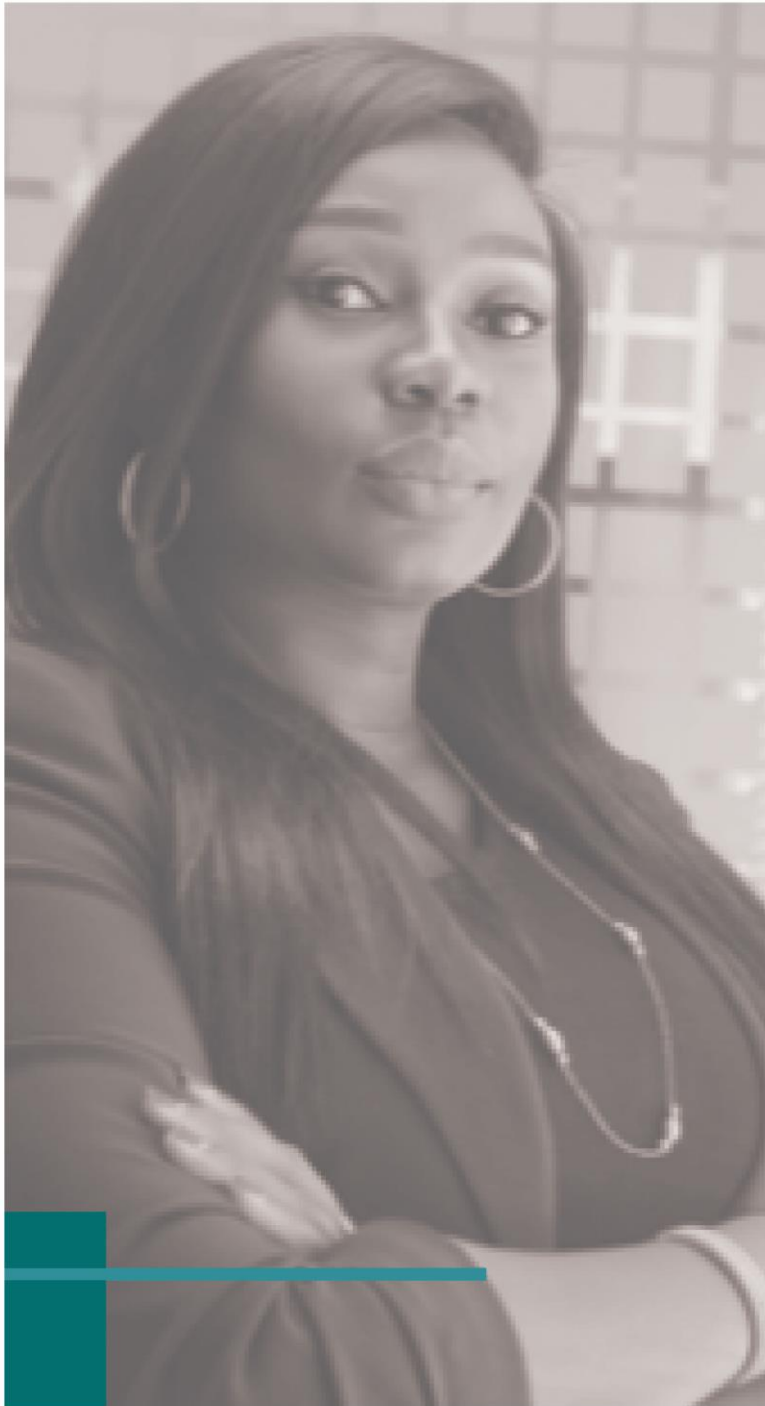

She started her career in a commercial bank in 1989 and over a period of nearly 20 years in two banks, she had extensive experience across various departments/functions such as Human Resources Management, Operations Management, Customer Service/Relationship Management, Audit Operations etc. In search of new challenges, she joined Rainoil Limited in 2009 as Executive Director.

Rainoil Limited is a downstream oil and gas company she co-founded and commenced business in 1997. She currently oversees Corporate Support Services which include Corporate Strategy, Human Resources, Information Technology, Treasury Operations, Admin and Facilities Management. Over the last ten years in Rainoil Limited, she has played a key role in growing the business with a gross revenue of 163 million Naira in 2018 and an asset base comprising:

- 2 ultra-modern petroleum products' storage facilities Oghara, Delta State and Calabar, Cross River State, both in Nigeria.
- Over 65 service stations spread across the country.
- A fleet of over 80 tank trucks for distribution of petroleum products.
- 1 shipping vessel.
- Several on-going projects including a storage facility for white products and gas.

As the next in line to the MD/CEO, she has considerable responsibility in the overall direction of the business. Godrey Ogbechie is actively involved in several social welfare and humanitarian initiatives through private charity organisations and in collaboration with other NGOs in the areas of education, wellness and health.

She belongs to several professional and social organisations that advances her life spiritually, professionally and socially. She has attended several management courses locally and abroad. She is married and blessed with three children.

MARIAH LUCCIANO GABRIEL **HEAD OF COMMERCIAL & BUSINESS** **DEVELOPMENT UNIT, ASHARAMI ENERGY** **(SAHARA UPSTREAM)**

Mariah started off her career in the Business development unit of Asharami Energy, the upstream arm of Sahara overseeing Government and JV relations.

While the company was expanding rapidly across sub-Saharan Africa, she joined the commercial department as her capabilities in petroleum economics, asset valuation and risk management were essential for the growth trajectory of the company. She has been exposed to the various upstream opportunities and fiscal regimes across Africa and the Middle East, and the different macro-economic and policy choices faced by growing hydrocarbon provinces.

With over 10 years of experience in the upstream oil and gas industry, she now heads the Commercial and Business Development unit where she has lead negotiations for the company's Asset Acquisitions, Crude Handling Agreements, Sales Purchase Agreements, Unitization discussions, and Production Entitlement Reconciliations.

She has an MSc in Energy Studies with specialization in Energy Economics from Dundee University, and a BSc in Economics, Finance & Management from Queen Mary, University of London.

BELYNDA OKOYE

EXECUTIVE DIRECTOR, ZIRCON MARINE

Belynda has a twenty year record of achievement and demonstrated success in developing new business and leading teams, in the technology, telecoms and oil and gas industries.

She has spent a majority of her work life managing several HR functions (including at Zircon Marine and MTN), introducing and implementing HR policies that enhance employee engagement and satisfaction and overall business success.

She is a founding member and current Executive Director of Business Development for Zircon Marine, responsible for all client engagement, new business extension and service delivery.

Zircon Marine is an indigenous Nigerian company with globally benchmarked expertise in marine operations. Zircon Marine has an exemplary safety and project management track record and a seasoned team of experts across it's service lines. Zircon provides comprehensive, reliable and cost-effective marine transportation and logistics solutions throughout West Africa.

Belynda has a degree in Human Resource Management from the University of Westminster, London.

She is a keen sports fan, an avid Liverpool FC supporter and a mother of two children.

CHICHI EMENIKE HEAD GAS VENTURES, NECONDE ENERGY

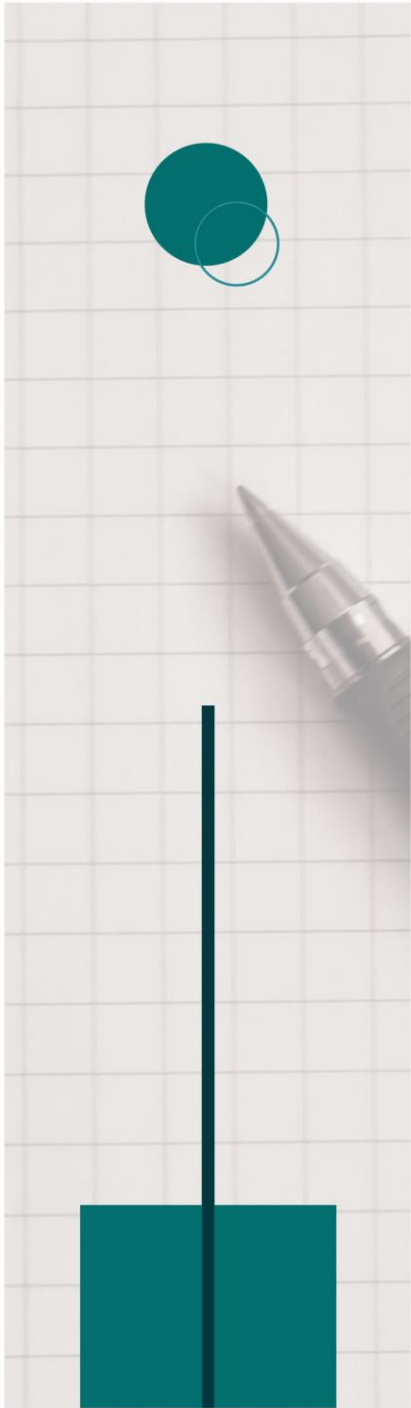

Chichi has over twenty (20) years' experience in the Oil and Gas spanning across the upstream, midstream and downstream sectors. Her capabilities cut across diverse spectrums including but not limited to business development and strategy, engineering, project conceptualization & management, deals structuring, stakeholder management, technical procurement and overall contract administration.

She holds a B.Eng. in Chemical Engineering from Enugu State University of Science & Technology and an MBA in Oil & Gas Management from the prestigious Robert Gordon University, Aberdeen. She is a member of the Nigerian Society of Engineers (NSE), Association of Professional Women Engineers of Nigeria (APWEN) and a certified member with the Council for The Regulation of Engineering in Nigeria (COREN).

Chichi started her early career in the Nigerian Oil & Gas industry as a Project Engineer with Exxon Mobil Nigeria Limited where she garnered cutting edge industry skills and experiences over a 10 year period having worked in several organizations including but not limited to Vigeo Oil and Gas, Suntrust Oil Company and Falcon Corporation Limited. In each of these organizations, she has gathered diverse experience across the industry value chain from upstream, midstream and downstream thus leaving remarkable mark across board. She is well-versed in negotiating industry contracts and has strong track records of closing commercial deals with venture partners. She is also experienced in vessel acquisition, client broker relationship management and is versatile in structuring and financing of projects to ensure optimum value creation for all stakeholders.

Presently, Chichi is replicating her success strides in Neconde Energy Limited as the Head, Gas Ventures where she is responsible for driving the company's Gas business and positioning Neconde as a lead player for developing Gas supply in Nigeria. Also, Chichi is piloting the development and commercialization of Neconde's Associated Gas (AG) and Non-Associated Gas (NAG) to boost production in alignment with the company's strategic mandate of being responsible for about 12% of Nigeria's total domestic Gas supply. One of her main and core is the focus around unlocking the company's Gas potential of over 3.8tcf of Gas reserves for increase value optimization for growth and profitability. In her present capacity, she is also facilitating the investment drive to bring alignment and consolidate Neconde's huge gas portfolio.

Currently, she serves on the council of the Nigerian Gas Association (NGA) in the capacity of a Financial Secretary and is happily married with four (4) children Two boys and two girls.
